

air pollution control district
SANTA BARBARA COUNTY

PUBLIC NOTICE
Air Quality Regulatory Measures
that May Be Adopted or Amended in 2025

State law (Health and Safety Code §40923) requires the Santa Barbara County Air Pollution Control District (District) to publish a list of rules and regulatory measures scheduled for consideration each year. These rules are proposed in order to implement state and federal mandates to reduce air pollution in Santa Barbara County. Before the adoption or amendment of any rule, the District publishes a notice in a local newspaper and holds a public hearing to accept comments from affected businesses and other interested parties.

The following rules are tentatively proposed to be adopted in 2025:

<u>Rule</u>	<u>Title</u>
1002	Asbestos Demolition and Renovation

The following rules are included in case adoption or amendment is needed during 2025:

<u>Rule</u>	<u>Title</u>
102	Definitions
201	Permits Required
202	Exemptions to Rule 201
312	Open Fires
316	Storage and Transfer of Gasoline
321	Solvent Cleaning Machines and Solvent Cleaning
323.1	Architectural Coatings
339	Motor Vehicle and Mobile Equipment Coating Operations
341	Municipal Solid Waste Landfills
351	Surface Coating of Wood Products
401	Agricultural and Prescribed Burning
901	New Source Performance Standards (NSPS)
1001	National Emission Standards for Hazardous Air Pollutants (NESHAP)

If you would like to check on the status of a rule, please visit the District's website at www.ourair.org/rules-and-regs/. For more information, contact Tim Mitro at (805) 979-8329.
