SUBJECT: Delegating Air Pollution Control Officer Authority Over District Grant Agreements

RECOMMENDATION:

Adopt the attached Resolution that updates the language, terms, and conditions of the District-issued grant agreements and delegates authority to the Air Pollution Control Officer to execute individual grant agreements up to \$250,000 for District Board-approved grant programs.

BACKGROUND:

District Board Resolution (09-14) was approved on October 15, 2009 and currently delegates authority to the Air Pollution Control Officer to execute grant agreements up to \$150,000 for District Board-approved grant programs. The current version of the standard grant agreement template was approved on January 19, 2012. District Board Resolution 18-03, approved on January 18, 2018, established the current cost-effectiveness thresholds for District-issued grant agreements that are funded by the Carl Moyer Program.

DISCUSSION:

Over the past 11 years the District has successfully awarded grant projects, up to a maximum of \$150,000, to replace older, high-emitting equipment with cleaner technologies. In recent years, the cost of zero-emission and low-emission innovative technology projects has significantly increased, making voluntary emission reduction projects very expensive to complete. Due to the high cost of the new technologies, the \$150,000 cap has limited the District's ability to award grants to large projects that would result in significant emission reductions. The District is seeking flexibility to fund projects at a higher level to achieve greater participation in incentive programs and projects that utilize these types of technologies. A higher funding limit in some cases will also enhance the District's ability to fund the most cost-effective projects. The District proposes an increase in the

Aeron Arlin Genet, Air Pollution Control Officer

funding level from \$150,000 to \$250,000 for individual grant agreements executed by the Air Pollution Control Officer.

Similarly, during this time, the necessary language, terms and conditions involved with District-issued grant agreements has evolved due to changes in state guidelines, efficiencies used in implementation of incentive programs, and current best practices related to risk management and legal concerns. The District proposes to update and modernize the 2012 standard grant agreement template. The new standard grant agreement that is included as Attachment 1 to the proposed Board Resolution has been reviewed by District Counsel, Risk Management, and the Auditor-Controller. A summary of the minor modifications that the Air Pollution Control Officer can make to the standard grant agreement, is included as Attachment 2.

Lastly, the attached resolution will ensure that all District-issued grant agreements will not exceed the cost-effectiveness thresholds established by the California Air Resources Board in their current guideline documents.

FISCAL IMPACT:

The revenue and expenditures related to the District's grant programs are included in the District's adopted budget for Fiscal Year 2020-21. No additional fiscal impacts will result from this action.

WHEREAS, DISTRICT has funds provided by the California Air Resources Board (CARB) and the California Department of Motor Vehicles (DMV) vehicle registration fee surcharge program, and wishes to utilize a portion of these funds to achieve emission reductions through a District Board-approved grant program;

WHEREAS, CARB is an intended third-party beneficiary for the purposes of this Grant Agreement and, as such, CARB reserves the right to enforce the terms of this Grant Agreement to ensure emission reductions are obtained;

WHEREAS, DISTRICT is interested in encouraging the demonstration and implementation of low- or zero-emissions programs under cooperative agreements with government, industry, and local businesses;

WHEREAS, GRANTEE has submitted a proposal to [insert proposed Clean Air Project language], which meets the requirements of the applicable CARB Guidelines and, therefore, is eligible to receive funds from DISTRICT for this [insert type of Clean Air Project] project;

WHEREAS, GRANTEE represents it is highly qualified and experienced in its professional field, is able to perform the activities described in the Scope of Work attached to this Grant Agreement as Attachment A, and will not commence these activities until this Grant Agreement is fully executed;

WHEREAS, DISTRICT Board of Directors has delegated authority to the Air Pollution Control Officer to execute certain grant agreements and make certain modifications and this Grant Agreement falls within that delegation authority.

NOW, THEREFORE, in consideration of the mutual promises and conditions listed below, it is hereby agreed between DISTRICT and GRANTEE as follows:

GRANT TERMS AND CONDITIONS

other than any loan application or loan contract necessary to fund GRANTEE's cost share obligation for the project.

4. Matching Funds.

GRANTEE shall provide matching funds, as described in Attachment A (Scope of Work), as a condition of receiving this grant from DISTRICT. Failure to provide such funds shall be, at the discretion of the Air Pollution Control Officer, grounds for termination of this Grant Agreement. If the Clean Air Project includes funding for services, the contractor for services was determined by GRANTEE in a manner consistent with the applicable funding guidelines. DISTRICT specifically disclaims all warranties, express and implied, including the implied warranties of merchantability and fitness for the intended purpose, as to the Clean Air Project, any test equipment, field tests, or services rendered by contractor(s). In no event shall DISTRICT be liable to GRANTEE or any third party for any direct, indirect, consequential, special, incidental, or punitive damages for the design, manufacture, operation, maintenance, performance, or demonstration of the Clean Air Project under any theory, including but not limited to, tort, contract, breach of warranty, or strict liability.

32. Clean Air Project Installation and Maintenance.

For engine repower projects, the installation of the engine must be completed in a manner such that it does not void the engine warranty provided by the manufacturer and any remaining warranty provided by the equipment or vehicle manufacturer.

GRANTEE will maintain and operate equipment funded by the Clean Air Project according to manufacturer's specifications for the duration of the project life. GRANTEE will not modify or alter the equipment funded by the Clean Air Project in such a manner that would cause an increase in air pollution from the level in which the Clean Air Project equipment was configured from the manufacturer. If applicable, GRANTEE shall maintain a working hour meter or odometer as a means of calculating emission reductions and cost-effectiveness. If the hour meter or odometer fails, GRANTEE shall immediately notify DISTRICT and remains responsible for validating any hours or mileage not recorded by the hour meter or odometer. GRANTEE must either repair or replace the non-operating hour meter or odometer or provide other documentation of project operating hours or mileage acceptable to DISTRICT.

33. Clean Air Project Operating Area.

GRANTEE shall operate the Clean Air Project equipment in routine service within Santa Barbara County or California Coastal Waters adjacent to Santa Barbara, Ventura or San Luis Obispo counties, unless otherwise specified by the Air Pollution Control Officer.

34. On-Site Inspections and Audits.

GRANTEE shall allow DISTRICT, or its agents, and CARB or its agents to inspect the Clean Air Project equipment and associated records during the contract term. GRANTEE shall maintain and retain the project records for at least two (2) years after expiration of this Grant Agreement or three (3) years after final project payment, whichever is later.

35. Funds from Other Sources

GRANTEE must certify that they have disclosed all funding sources that they have applied for or received for the Clean Air Project and will notify DISTRICT of additional sources of funding received for the total cost of the project, including any sources that become available after contract execution

Clean Air Projects co-funded by GRANTEE must meet all criteria associated with each funding source used to fund the Clean Air Project.

If GRANTEE is not a public entity, GRANTEE must provide at least 15 percent of the Clean Air Project's eligible costs from non-public sources. This Grant Agreement prohibits GRANTEE from receiving grants and other funds that exceed the total cost of the Clean Air Project.

GRANTEE may receive funds from multiple air districts for the same Clean Air Project if these entities are coordinating to jointly fund portions of the project and the list of entities involved and funding provided are included in the Grant Agreement.

36. Compliance with Air Quality Regulations

GRANTEE certifies that their fleet, engine(s), equipment, or vehicle is in compliance with all applicable federal, state, and local air quality rules and regulations at time of contract execution. GRANTEE must maintain compliance with all applicable federal, state, and local air quality rules and regulations for the full term of the Grant Agreement.

37. Repercussions for Nonperformance

GRANTEE understands and agrees to operate the Clean Air Project equipment, including engine(s), mobile equipment, stationary equipment, or vehicle(s), according to the terms of the Grant Agreement and to cooperate with DISTRICT and CARB in implementation, monitoring, enforcement, and other efforts to ensure that the emission benefits are real, quantifiable, surplus, enforceable.

Non-compliance with the Grant Agreement will subject GRANTEE to repercussions, including but not limited to, termination of the Grant Agreement and recapture of project funds according to Section 15 (Termination).

DISTRICT and CARB have the authority to seek any remedies available under the law for non-compliance with funding program requirements and non-performance with the Grant Agreement.

38. Debarment and Suspension

GRANTEE certifies to DISTRICT that it and its employees and principals are not debarred, suspended, or otherwise excluded from or ineligible for participation in federal, state, or county government contracts. GRANTEE certifies that it shall not contract with a subcontractor that is so debarred or suspended.

39. Execution of Counterparts

This Grant Agreement may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original; and all such counterparts, or as many of them as the parties shall preserve undestroyed, shall together constitute one and the same instrument.

40. Prevailing Wage and Labor Compliance

GRANTEE agrees to comply with all of the applicable provisions of the California Labor Code pertaining to Public Works projects (Labor Code Sections 1720-1861) including those provisions requiring the payment of not less than the specified prevailing rates of wages as determined by the Director of the Department of Industrial Relations to workers employed in the performance of this Grant Agreement.

This Grant Agreement between Santa Barbara County Air Pollution Control District and [Insert Grantee Name] was executed in Santa Barbara County and is effective on the day and year first written above.

ATTACHMENT D
COUNTY OF SANTA BARBARA UNLAWFUL DISCRIMINATION ORDINANCE

Sec. 2-94. - Exceptions.

The provisions of this article shall not apply to contracts or agreements for the acquisition, exchange or disposition of real property or interests therein, nor to contracts or agreements with the State of California, or its political subdivisions, or with the United States of America. (Ord. No. 2946, § 1)

Sec. 2-95. - Prohibition of unlawful discrimination in employment practices.

The County of Santa Barbara reserves the right to terminate forthwith each and every written contract and agreement (except purchase orders) respecting real property, goods and/or services entered into by the County of Santa Barbara including but not limited to concessions, franchises, construction agreements, leases, whether now in effect or hereinafter made if the county finds that the contractor is discriminating or has discriminated against any person in violation of any applicable state or federal laws, rules or regulations which may now or hereafter specifically prohibit such discrimination on such grounds as race, religion, sex, color, national origin, physical or mental disability, Vietnam era veteran/disabled, age, medical condition, marital status, ancestry, sexual orientation, or other legally protected status. This right of termination extends to contracts entered into by the County of Santa Barbara or by its joint powers, agencies or agents so long as the county obtains the consent of those parties.

Such finding may only be made after contractor has had a full and fair hearing on notice of thirty days before an impartial hearing officer at which hearing contractor may introduce evidence, produce witnesses and have the opportunity to cross-examine witnesses produced by the county. Further, any finding of discrimination must be fully supported by the facts developed at such hearing and set forth in a written opinion; and in addition, contractor may move in the appropriate court of law for damages and/or to compel specific performance of a contractor or agreement if any of the above procedures are not afforded to the contractor. If contractor is not found to have engaged in unlawful discriminatory practices, county shall pay all costs and expenses of such hearing, including reasonable attorneys' fees, to contractor in accordance with current Santa Barbara County Superior Court schedule of attorneys' fees for civil trials. If contractor is found to have engaged in such unlawful discriminatory employment practices, contractor shall pay all such costs, expenses and attorneys' fees.

Whether or not a contract or agreement is still in existence at the time of final determination of such unlawful discrimination, the contractor shall forthwith reimburse the county for all damages directly stemming from such discrimination; however, those damages shall not exceed and are not reimbursable in an amount which exceeds amounts paid to contractor under the terms of the contract or agreement.

Nothing in this section 2-95 shall directly or by interpretation give a private cause of action to any third party (not a signatory to the contract or agreement) including employees past or present, or applicants for employment to contractor, it being the sole purpose of this clause to administratively assure compliance with the nondiscrimination clauses contained herein.

With respect to employment discrimination, employment practices shall include, but are not limited to, employment, promotion, demotion, transfer, recruitment and advertising for recruitment, layoff or other termination, rate of pay, employee benefits and all other forms of compensation or selection for training and apprenticeship and probationary periods.

Contractor shall permit access at all reasonable times and places to all of its records of employment, advertising, application forms, tests and all other pertinent employment data and records, to the County of Santa Barbara, its officers, employees and agents for the purpose of investigation to ascertain if any unlawful discrimination as described herein has occurred or is being practiced, provided that such records are relevant to a complaint of an unlawful discriminatory practice which has been forwarded to contractor reasonably prior to the time contractor is asked to make such records available. In addition, all such records shall be deemed "Confidential" by the officers, employees and agents of the county. No records or copies of such records may be removed from the premises of contractor, and no disclosure, oral or written, of such record may be made to third parties except as provided within the agreement. Provided, however, that in the event of a hearing to determine whether or not contractor is engaging in unlawful discrimination in employment practices as defined herein, the board of supervisors of Santa Barbara County may issue subpoenas to require that certified copies of such records be made available to the hearing.

Failure to fully comply with any of the foregoing provisions shall be deemed to be a material breach of any contract or agreement with the County of Santa Barbara. All persons contracting with or who have contracts for goods or services with the county shall be notified that this chapter applies to their contract or agreement with the County of Santa Barbara. (Ord. No. 2946, § 1; Ord. No. 2993, § 1; Ord. No. 3018, § 1; Ord. No. 4413, § 1)

Sec. 2-95.5. - Exceptions.

Notwithstanding any other provisions in this article, any party contracting with the County of Santa Barbara having an affirmative action program which has been approved within twelve months from the date of the contract by an agency of the federal government shall be deemed to be in compliance with the provisions of this article upon furnishing documentary evidence of such approval satisfactory to the county affirmative action officer. Loss of such approval shall be immediately reported by such party to the county affirmative action officer.

Sec. 2-96. - Purchase orders.

Purchase orders shall contain the following clause as grounds for termination of such purchase order. "If complaint is made that seller is engaging in discriminatory employment practices made unlawful by applicable state and federal laws, rules or regulations, and the State Fair Employment Practice Commission or the Federal Equal Employment Opportunities Commission determines that such unlawful discrimination exists, then the County of Santa Barbara may forthwith terminate this order." (Ord. No. 2946, § 1)

Sec. 2-97. - Affirmative action officer.

At the discretion of the county affirmative action officer, he or she shall promptly and thoroughly investigate, or cause to be investigated reports and complaints from whatever source, that any party contracting with the County of Santa Barbara is engaging, or during the term of a contract or agreement with the County of Santa Barbara has engaged, in any unlawful discriminatory employment practices as described in section 2-95 of this Code. If the investigation discloses reason to believe such unlawful discrimination does exist or has existed and the conditions giving rise thereto have not been changed so as to prevent further such unlawful discrimination, and the said party shall not forthwith terminate such unlawful discrimination, take all appropriate steps to prevent a recurrence of such or other unlawful practices, and compensate the person or persons unlawfully discriminated against for any and all loss incurred by reason of such unlawful discrimination, all to the satisfaction of the affirmative action officer, then the affirmative action officer shall cause the matter to be presented for

action to the State Fair Employment Practices Commission or the Federal Equal Employment Opportunities Commission, or both, and to any other concerned state or federal agencies or officers.

If and when it has been finally determined by the affirmative action officer, county counsel, or state or federal regulatory agencies that such unlawful discriminatory employment practice has in fact so occurred or are being carried on, then the affirmative action officer shall forthwith present the entire matter to the board of supervisors of the county, together with all damages, costs and expenses related thereto and incurred by county, for appropriate action by the board of supervisors in accord with the intent and purposes of this article and of the affirmative action program of the County of Santa Barbara. (Ord. No. 2946, § 1)

Sec. 2-98. - Youth group anti-discrimination.

(a) Neither the County of Santa Barbara, nor any of its agencies, departments, affiliates, or political subdivisions over which it exercises jurisdiction, shall:

- (1) Deny any youth group equal access to, or fair opportunity to conduct meetings or other events at, or otherwise utilize any public facility;
- (2) Deny any youth group use permits or licenses regarding, or otherwise withhold from any youth group permission to use, any public facility; or
- (3) Otherwise discriminate against any youth group; on the basis of the membership or leadership criteria of such youth group.

(b) For purposes of this section, a public facility shall include any public forum, limited public forum, public property, or public area including any public building, park, beach, campground, or any other area controlled or operated by the County of Santa Barbara.

(c) For purposes of this section, a youth group means any group or organization intended to serve young people under the age of twenty-one. (Ord. No. 4434, § 1).

STANDARD INDEMNIFICATION AND INSURANCE PROVISIONS

INDEMNIFICATION

GRANTEE agrees to indemnify, defend (with counsel reasonably approved by DISTRICT) and hold harmless DISTRICT and California Air Resources Board and its officers, officials, employees, agents and volunteers from and against any and all claims, actions, losses, damages, judgments and/or liabilities arising out of this Agreement from any cause whatsoever, including the acts, errors or omissions of any person or entity and for any costs or expenses (including but not limited to attorneys' fees) incurred by DISTRICT on account of any claim except where such indemnification is prohibited by law. GRANTEE's indemnification obligation applies to DISTRICT's active as well as passive negligence but does not apply to DISTRICT's sole negligence or willful misconduct.

NOTIFICATION OF ACCIDENTS AND SURVIVAL OF INDEMNIFICATION PROVISIONS

GRANTEE shall notify DISTRICT immediately in the event of any accident or injury arising out of or in connection with this Grant Agreement. The indemnification provisions in this Grant Agreement shall survive any expiration or termination of this Grant Agreement.

INSURANCE

GRANTEE shall procure and maintain for the duration of this Grant Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder and the results of that work by the GRANTEE, its agents, representatives, employees or subcontractors.

A. Minimum Scope of Insurance Coverage shall be at least as broad as:

1. Commercial General Liability (CGL): Insurance Services Office (ISO) Form CG 00 01 covering CGL on an "occurrence" basis, including products-completed operations, personal & advertising injury, with limits no less than \$1,000,000 per occurrence and \$2,000,000 in the aggregate.
2. Automobile Liability: ISO Form Number CA 00 01 covering any auto (Code 1), or if GRANTEE has no owned autos, hired, (Code 8) and non-owned autos (Code 9), with limit no less than \$1,000,000 per accident for bodily injury and property damage.
3. Workers' Compensation: as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than \$1,000,000 per accident for bodily injury or disease.

If the GRANTEE maintains higher limits than the minimums shown above, the DISTRICT requires and shall be entitled to coverage for the higher limits maintained by the GRANTEE. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the DISTRICT.

B. Other Insurance Provisions

The insurance policies are to contain, or be endorsed to contain, the following provisions:

1. Additional Insured – DISTRICT, its officers, officials, employees, agents and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the GRANTEE including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the GRANTEE's insurance at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10 and CG 20 37 if a later edition is used).
2. Primary Coverage – For any claims related to this Grant Agreement, the GRANTEE's insurance coverage shall be primary insurance as respects the DISTRICT, its officers, officials, employees, agents and volunteers. Any insurance or self-insurance maintained by the DISTRICT, its officers, officials, employees, agents or volunteers shall be excess of the GRANTEE's insurance and shall not contribute with it.
3. Notice of Cancellation – Each insurance policy required above shall provide that coverage shall not be canceled, except with notice to the DISTRICT.
4. Waiver of Subrogation Rights – GRANTEE hereby grants to DISTRICT a waiver of any right to subrogation which any insurer of said GRANTEE may acquire against the DISTRICT by virtue of the payment of any loss under such insurance. GRANTEE agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the DISTRICT has received a waiver of subrogation endorsement from the insurer.
5. Deductibles and Self-Insured Retention – Any deductibles or self-insured retentions must be declared to and approved by the DISTRICT. The DISTRICT may require the GRANTEE to purchase coverage with a lower deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.
6. Acceptability of Insurers – Unless otherwise approved by Risk Management, insurance shall be written by insurers authorized to do business in the State of California and with a minimum A.M. Best's Insurance Guide rating of "A- VII".
7. Verification of Coverage – GRANTEE shall furnish the DISTRICT with proof of insurance, original certificates and amendatory endorsements as required by this Grant Agreement. The proof of insurance, certificates and endorsements are to be received and approved by the DISTRICT before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the GRANTEE's obligation to provide them. The GRANTEE shall furnish evidence of renewal of coverage throughout the term of the Grant Agreement. The DISTRICT reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.
8. Failure to Procure Coverage – In the event that any policy of insurance required under this Grant Agreement does not comply with the requirements, is not procured, or is canceled and not replaced, DISTRICT has the right but not the obligation or duty to terminate the Grant Agreement. Maintenance of required insurance coverage is a material element of the Grant Agreement and failure to maintain or renew such coverage or to provide evidence of renewal may be treated by DISTRICT as a material breach of contract.

9. Subcontractors – GRANTEE shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and GRANTEE shall ensure that DISTRICT is an additional insured on insurance required from subcontractors.
10. Special Risks or Circumstances – DISTRICT reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Grant Agreement. GRANTEE agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of DISTRICT to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of DISTRICT.
