# GRANT & INCENTIVE TESTIMONIALS

“We are proud of the fact that we have been able through this Grant Program to be able to upgrade our tractors over the past few years. Without this program we would have continued to repair our old tractors and not replace them with much cleaner running, energy efficient tractors. This has also had a positive effect with the morale of our employees.”

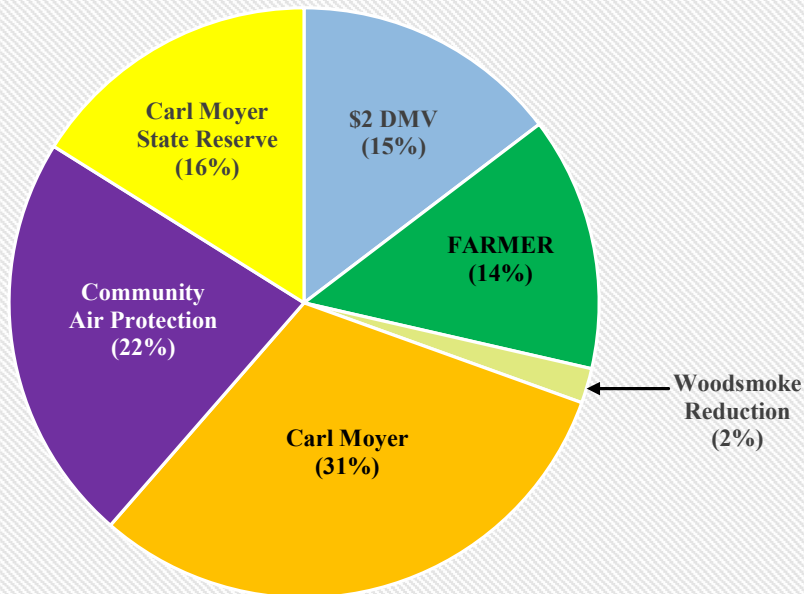

**- Plantel Nurseries (Santa Maria)**

“Access to grant funds are crucial for small businesses like mine, looking to upgrade to best available technology in order to reduce emissions. Especially because we carry the public, health & safety are our priority. Having the newest equipment ensures reduced mechanical issues and easier access to parts.”

**- Stardust Sportfishing (Santa Barbara Harbor)**
