Board Agenda Item

TO: Air Pollution Control District Board

FROM: Terry Dressler, Air Pollution Control Officer

CONTACT: Sharyl K. Preskitt, 961-8828

SUBJECT: Resolution for Delegating Authority to the Air Pollution Control Officer for Approving Employee Benefit Plan Renewals

RECOMMENDATION:

Adopt the attached Resolution delegating authority to the Air Pollution Control Officer to amend, enter into, and renew contracts for multiple employee benefit insurance plans to become effective January 1, 2011 as follows:

- Major Medical
- Dental
- IRS Section 125 (cafeteria) plan
- Vision
- Long Term Disability
- Management Short Term Disability
- Voluntary Term Life
- Management Life & Accidental Death & Dismemberment (ADD)
- Management Short Term Disability
- Voluntary Personal Accident benefit plan
- Supplemental Catastrophic Insurance programs
- Employee Assistance Plan

DISCUSSION:

One of the goals of our agency is to provide employees with health benefit programs that meet their needs. These needs include quality care, an adequate choice of providers, and the ability to select from a variety of options and costs.

In order to accommodate our shortened Board meeting schedule while ensuring timely insurance renewals, delegation of authority to the Air Pollution Control Officer for employee benefits is necessary. This authority is only delegated within the parameters outlined in the attached Resolution, namely the Board must have authorized an overall budget for employee benefits and plans and the total dollar amount of all benefits provided to employees shall be within the budget authorized by the Board. The recently negotiated Memoranda of Understandings (MOUs) with our employee groups cap the amount the APCD is obligated to contribute towards the total cost of employee benefits for the fiscal year at:

- \$101,000 for Major Medical and Vision
- \$8,000 for Dental
- \$105,000 for Cafeteria Contributions

The MOUs also contain provisions for employer paid benefits. Information provided by the APCD's insurance broker indicates the cost of these benefits will not exceed:

- \$1,100 for the Management Life and Accidental Death and Dismemberment policy (based on a 10% increase from prior year)
- \$1,400 for the Management Short Term Disability Policy (based on a 10% increase from prior year)
- \$13,000 for Long Term Disability and Dismemberment coverage (based on a 10% increase from prior year)
- \$2,600 for an Employee Assistance Program (based on a preliminary marketing from our broker)
- \$2,600 for the Benesyst Section 125 plan (based on a 10% increase from prior year and mandated plan amendments resulting from the recent health care reform legislation)

The remaining employee benefit plans are funded entirely through employee contributions and therefore will not result in any financial impact for the APCD. These policies are:

- Voluntary Term Life Insurance
- Voluntary Personal Accident Benefit Plan
- Supplemental Catastrophic Insurance Programs

The Board will be given a report at the next regularly scheduled hearing summarizing the final benefit package that the Air Pollution Control Officer authorized. The report will include: names of benefit carriers, level of benefits, and the fiscal impact of those benefits.
