

Old Car Buy Back Program

Why Buy Old Cars?

Air quality in California has improved dramatically over the past 30 years, largely due to the control of pollution from motor vehicles. Cars and trucks are a major source of smog pollution in Santa Barbara County, and older vehicles cause much more air pollution than newer ones. This program is specifically designed to accelerate removing older vehicles from the on-road fleet to reduce air pollution. A licensed auto dismantler will permanently destroy cars and trucks that are voluntarily retired.

Eligibility Requirements

The District will pay \$1,000 for your older vehicle if it meets the following eligibility requirements:

- 1) Must be a gasoline-powered or diesel-powered passenger car, light or medium-duty pickup truck, or van, model year 1997 or older with gross vehicle weight not to exceed 10,000 pounds.
- 2) Must be currently registered with California Department of Motor Vehicles (DMV) as an operable vehicle for at least twenty-four (24) consecutive months prior to the date of sale to the Old Car Buy Back Program to an address or addresses within Santa Barbara County:
 - a. A vehicle may also be eligible if the registration lapsed less than 181 days during the previous twenty-four (24) months and all registration fees and late penalties have been paid to the DMV, provided that the vehicle is registered for at least ninety (90) days before sale to the Old Car Buy Back Program.
 - b. A vehicle may also be eligible if it was placed in planned non-operational status for two (2) or fewer months during the continuous twenty-four (24) month registration period, and occurring at least ninety (90) days before sale to the Old Car Buy Back Program.

Eligibility Requirements Continued on Reverse

Voluntary Program Locally Funded

This voluntary accelerated vehicle retirement program is sponsored by the District and not operated by the State of California. Your participation is entirely voluntary. Incentives are awarded on a first-come, first-served basis until available funds are exhausted.

Fail Smog Check?

If your vehicle has failed its Smog Check inspection, contact the Bureau of Automotive Repair Consumer Assistance Program for funds available to repair or retire your vehicle. For information call (800) 952-5210, or visit www.smogcheck.ca.gov

Eligibility Requirements (continued from reverse)...

- 3) Smog Checks must be performed as required by the DMV in order for the vehicle to be considered registered.* The following Smog Check Requirements must be met:
 - a. A vehicle within sixty (60) days of next required Smog Check deadline must take and pass a new Smog Check test before sale to the Old Car Buy Back Program.
 - b. The vehicle has not failed a Smog Check within sixty-one (61) to ninety (90) days of the next required Smog Check deadline.
 - c. The vehicle is not operating under a Bureau of Automotive Repair Smog Check repair cost waiver or economic hardship extension.

*Diesel vehicles 1998 model year and older and gasoline vehicles 1975 model year and older are exempt from Smog Check Requirements.
- 4) The vehicle must be driven to the auto dismantler under its own power and must pass a functional and equipment eligibility inspection as outlined below:
 - a. All doors shall be present and in place;
 - b. The dashboard, driver's seat, and hood shall be present and in place;
 - c. Front windshield and one side window glass shall be present and in place;
 - d. One headlight, one tail light, and one brake light shall be present and in place;
 - e. One bumper and all side and/or quarter panels shall be present and in place;
 - f. Interior pedals shall be operational;
 - g. Vehicle drive-ability must not be affected by any body, steering, or suspension damage;
 - h. Exhaust system shall be present and in place;
 - i. The emission control system has not been tampered with; and
 - j. The vehicle must start using keyed ignition system. The vehicle must start readily through ordinary means without the use of starting fluids or external booster batteries. The vehicle must be able to be driven forward and reverse for a minimum of 25 feet under its own power.

Qualified vehicles are available to be viewed and purchased by members of the public for a period of ten (10) days from the date of sale to the program. After the ten (10) day period expires, the vehicles are dismantled. To inquire about currently available vehicles, please contact one of our four regional dismantlers:

Steelhead Recyclers	891 S. Kellogg Ave, Goleta	(805) 683-8557
Santa Maria Recycling Center	1544 Black Rd, Santa Maria	(805) 346-2770
Central Valley Auto Dismantlers	613 Avalon St, Lompoc 3052	(805) 736-6719
Bedlo, Inc.	Harris Grade Rd, Lompoc	(805) 733-2521

How to Get Started...

Please contact your local dismantler and bring them the following documentation to confirm eligibility:

- Vehicle Title
- Past 3 years of Vehicle Registrations (Registration stubs or DMV Vehicle Registration History)
- Most Recent Smog Receipt or Smog Test History Summary.

For additional questions about the program, please call **(805) 979-8271**.
